Initial registration: 2016

### Product Description

Successor models to the KSR110 that provide significant improvements in fuel economy and exhaust emissions, these super-naked bikes are lightweight, compact and feature low seat heights for easy maneuverability.

### Features

- Feature air-cooled, single-cylinder engines that deliver both excellent fuel performance and power for sporty rides
- Intake system switched from carburetor to fuel injection, and exhaust system fitted with honeycomb catalyst and O<sub>2</sub> sensor for enhanced environmental performance
